

# Independent Health's iDirect®

See Any Doctor or Specialist  
Dependent Coverage Up to Age 26  
\$0 Copay for Preventive Care  
Worldwide Emergency Coverage  
Built-in Vision Discounts

*Amy's life is hectic, but she loves it. Still, whenever she can, she looks for ways to take a little control back. iDirect gives her family all the health care benefits they need and still keeps their finances - and Amy's sense of humor - going strong.*

#### ABOUT AMY:

**MOM:** With three kids, we've had our fair share of ER visits. (Thank goodness for our health savings account.)

**DO-IT-YOURSELFER:** Everybody at the home supply store knows me by name. (Just don't ask about my first project - it took two days to stop the "rain" in the bathroom.)

**TRAVELER:** My husband dislocated his shoulder when we were in Mexico. (Worldwide emergency coverage sure came in handy.)

**PENNY PINCHER:** I admit it - I won't buy something unless it's on sale. (Which is why I love \$0 copays on preventive care office visits.)

**SHOE FREAK:** Two closets full of sandals, sneakers, pumps, flats, boots and wedges. (I swear I wear them all!)

*It makes sense that my health plan reflects my lifestyle, and gives me the tools to manage the best investment I can make in the future: my health.*

**Sales Department:**
